Deutschsprachige Fassung auf der Rückseite

PowerMust 1000 OnLine

Un-interruptible power source for PC work stations.

Product Positioning

- Electrical protection

Target customers

- Home users
- SOHO users
- Business users

Package Contents

- Installation guides

PowerMust series surpasses the competition in producing the smoothest transition from sinewave to stepsine wave.

Features

- Provides an uninterrupted power source to protect your sensitive electronic equipment, or computer against blackouts, brownouts, spikes, sags and surges.
- Extensive backup time: 5 ~ 20 minutes.
- Microprocessor controlled guarantees high reliability
- Smart RS-232 Communication Port with Free Download Software from the Internet
- Equipped with the comprehensive self-protection Design
- Intelligent ANMP slot to allow communication among various operation systems and remote monitoring of the UPS
- Audible Alarm Mute
- Cold Start Function
- Auto self-testing system while turning on the UPS
- The widest input voltage range

The Compact Power Security

The Power Must 1000 OnLine is compact and easily fits into any workplace. This model has a maximum power reception of 1000VA to provide the perfect electrical protection for any PC. The Power Must controls the electrical input frequency in the range of ± 10% and thus protects the sensitive computer electronics from lightning, transient voltages, overload, and short-circuit damages. The model has two four-prong electrical inputs and the phone line in/out ports which provide convenient connection and protection for the network and other time critical computers and servers.

Audible and Visual Warning

The Power Must series give audible tone alarms and the visual warning dialogue boxes on screen whenever there occurs a power shortage.
Such warnings allow users to monitor and react to save their important work comfortably.

Reliability

In addition to the quality UPS-System and the on-line help system, this product package also includes a detailed manual and its global access to Mustek's technical support department. It features a standard warranty, outstanding technical support and is manufactured under strict ISO-9001 guidelines.

About Mustek

Mustek was established in 1988 and made the very first and unique hand-held scanner with a PCMCIA interface for PCs and Notebooks. This innovative and dynamic scanner pioneer has matured and diversified their products offerings from scanners to digital still cameras, LCD projectors, DVD players and UPS systems for the global market. All production follows ISO 9001, 9002 regulation and adheres to most international industry standard.

Technical Specifications

Capacity	1000VA/700W
Voltage	80 ~ 300VAC
Frequency	45 ~ 65Hz
Amperage	6A (1K) / 7A (1KS)
Output	
Power Rating	1kVA/0,7kW
Voltage	220/230/240 VAC (1±2%)
Frequency	50Hz ±0.2Hz (Battery Mode)
Waveform	Sine wave
Transfer Time	Less Than 3 ms
Battery	
Number and Type	3 x 12V / 7Ah
Indicator	LED
Dimensions (D x W x H)	400 x 145 x 220 mm
Net Weight	7kg (1KS)/13kg (1K)
Interface:	Smart RS-232
Supported OS:	Novell, Linux, Windows 95/ 98/NT/2000/XP
